What do
micro-credentials
solve for the institution?

Micro-Credentials and Open Badges

- Micro-Credentials are a representation of a competency or skill earned through participation, progression or completion of learning
- Verifiable
- Can be shared across a variety of platforms
- Open Badges = micro-credentials, nanodegrees, gamification badges

Open Badges Peeled by [Bryan Mathers](#)

We all have different motivations

Not everyone should get the same badges

Minimize completion, maximize performance

Badges that are challenging to get

Badges > Automated or Manual

Technical skills vs interpersonal skills

The pedagogical connection to micro-credential badges
